Kirkby Collaborative of Schools

Preloved Uniform Campaign

All 14 schools in Kirkby have adopted the following guidance in order to make the uniform in school affordable and also enable parents and carers to be able to access preloved uniform.

Affordable uniform

The design of the uniform provides the opportunity to buy many items from any shop. We keep our branded items to a minimum.

Preloved uniform

We encourage all families to pass in to school any items that your child has grown out of.

These items become part of our preloved range. We will provide regular opportunities for parents and carers to come to school and select from any preloved items. There is no charge for any of these items.
