Dear parent(s)/carer(s),

As a school we need to have a plan in case should there ever be a need to provide remote learning. The method we have chosen is by using Seesaw

Seesaw is an online learning journal that should be familiar to the majority of pupils as we currently use it in school. As it is an online learning journal it does require a device such as a phone, tablet or laptop to use (phones & tablets tend to work best), and an internet connection. If you require paper copies for remote learning, you will need to request them by email to the school.

STEP 1: Go to app.seesaw.me or Download the Seesaw Class App for Your Child

Your child will use the **Seesaw Class app** for home learning. (This is different than the Seesaw Family app.)

✓ **Laptops + Computers:** Visit app.seesaw.me

✓ **Tablets + Mobile Devices:** Download or update the Seesaw app in your device's app store. If you already have the app, make sure it is updated.

STEP 2: Help Your Child Log In to Seesaw

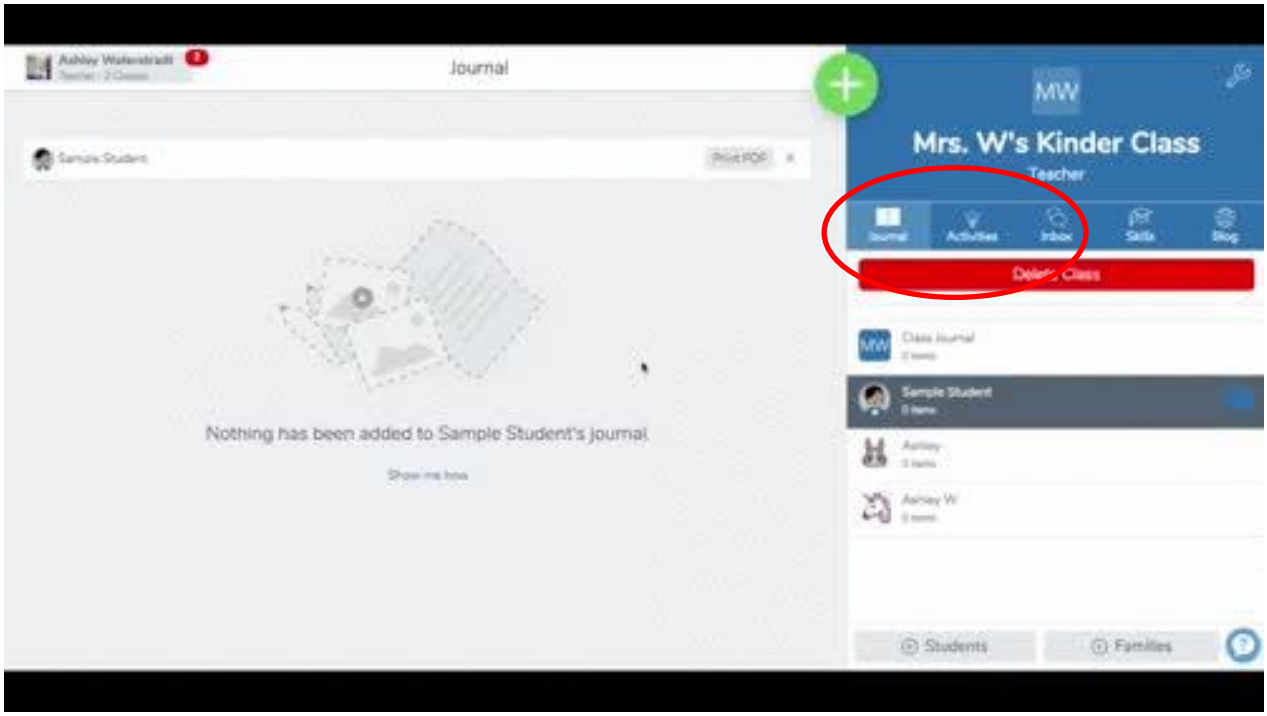

Click 'I'm a Student'

Log in as directed by your student's teacher or school:

✓ Your child will log in with a Home Learning Text or QR Code provided by school (attached or previously sent)

Learn how to use Seesaw: Tour the Seesaw App

Once logged in it will look something like the following:

Activities posted by your child's teacher will appear in the 'activities' tab.

A video tutorial on using the app can be found here:
https://www.youtube.com/watch?v=W9FyB1SCbeM

Yours Sincerely,

Mr Youngman
Class teacher & computing coordinator
