

DATA PROTECTION

It's part of our school's culture

PARENTS AND CARERS

This is how we protect the personal data we use and hold in order to teach your children

GDPRiS
www.gdpr.school

WHAT WE DO

We train **ALL** staff to understand how to keep data safe.
This includes:

- Teachers
- Administration staff
- Site maintenance
- Kitchen staff
- Support agencies
- Students

Since a school is a public organisation, we process most data using:

PUBLIC TASK

as the principle basis to process data.

We ensure the rights of the individual are met at all times.

However, you need to be aware that some rights are overridden by the Public Task processing instructions.

Under strict conditions, and guidelines, we can override individual rights to ensure our school operates in the best, and safest, interest of all.

Our Data Protection Officer is:

MRS J LYNSKEY
