Eastcroft Park School Council

Motto

We make your voice heard and your opinion to be shared. It's your choice we need to hear your voice!

Mission statement

The purpose of our school council is to encourage pupils to get involved in issues that concern them in school. With the school council, many voices can be heard as we listen to their views and take responsibility for some parts of school life.

Aim

Our aim is to become the best school council that we can be. This means we need to...

- Meet every two weeks
- Complete the school council training sessions that include listening, communication, committee, debating and campaigning skills.
- Work together to make positive changes to school life.
