Maths No Problem Lesson Approach at Eastcroft Park

Explore:

Our teachers present us with a problem to explore.

Master:

Our teachers help us to arrive at the correct answer. We discuss different methods so we can find a method that works best for us.

Guided Practice:

We work through questions in pairs.

Independent Practice:

We independently answer questions in our workbooks.

Throughout our units of work…

We Journal:

We communicate our learning by justifying, explaining or proving our mathematical thinking.

Our Maths No Problem friends help us to understand new concepts, expose misconceptions or encourage us to discuss our ideas.
